Addit cable protector 60 cm - straight 402

This Addit cable protector makes it easy to safely get cables across to where you need them to be. The sturdy aluminium construction with ridged top protects both people and cables by keeping them out of each other's way, while the hinged cover makes it easy to place, remove or switch out any cable in a matter of seconds.

Are you looking for something specific?

We can customise the length of the cable protector to your needs.
