Viewmate SFF holder - option 432

The Viewmate SFF holder adds functionality to monitor arms, workstations and toolbars. It's mounted on any pole in the Viewmate range and has clamp-lever height adjustment, so your SFF computer is always within reach.

- Suitable for all Viewmate monitor arms, workstations and toolbars
- Easy to adjust in height using a clamp lever
- Snugly fixes an SFF in place using a belt and strap
- Max. weight capacity of 10 kg
- Fits devices with a thickness of 65 - 111 mm and max. height of 350 mm
- Clamps an SFF with a non-slip foam surface for snug mounting
